## Bullet Resistant Assemblies

### Specifications

#### Bullet Resistant Specs

#### LEVEL 1-3

Bullet resistant hollow metal door and window assemblies suitable for both interior and exterior locations in commercial, institutional, industrial and residential applications. Assemblies may be provided with all hardware of equal or greater bullet resistant rating. These doors and windows are for use in areas where protection against handgun assault is of primary concern.

#### LEVEL 4-8

Bullet resistant hollow metal door and window assemblies suitable for both interior and exterior locations in commercial, institutional, industrial and residential applications. Assemblies may be provided with all hardware of equal bullet resistant rating for use in areas where protection against high power rifle, multiple shots, and/or assault is a priority. Shot gun rated deal trays, pass drawers and other accessories are also available.
